MEMORANDUM OF RECORD

SUBJECT: End of Life for Joint Battle Command – Platform Software Versions 1.6.0.3 and 1.6.0.5.

1. Reference

a. Memorandum, Headquarters, Department of the Army, G-3/5/7, 20 April 2018, Subject: Baseline 53 to the Mission Command Systems Software Baseline for Software Block 2 (SWB2) and SWB 11-12.

2. Reference 1a is the latest G-3/5/7 software release approved in April 2018. Part of this release is Joint Battle Command-Platform (JBC-P) software version 1.6.0.6. This software version supersedes all previous versions, specifically, 1.6.0.3 and 1.6.0.5. All JBC-P users must request Master Hard Drives of 1.6.0.6 from the Ft. Hood Configuration Management office and upgrade their JBC-P software. The deadline for updating to 1.6.0.6 is 30 October 2018. Please find Master Hard Drive request forms on the Mission Command Support Center (www.mscs.army.mil), along with a comparison matrix of SW versions.
